

Cake Smash

☆ SMASH & SPLASH PHOTOGRAPHY ☆

"Gorgeous portraits, messy fun
and warm bubbles too"

Warrington Photography

smash and splash by Sarah Hough

WHAT TO EXPECT

BEFORE

My cake smash/1st birthday sessions all include full use of my outfits, huge range of specialist props and are styled to fit within your chosen theme.

I have a large selection of themes and colour schemes available for you to pick from.

If smashing a cake isn't for you, but you'd still like to enjoy one of these fabulous milestone sessions that good too!

A £99 deposit is taken to secure your booking, this is then deducted from your chosen collection.

CAKES- range from £35-45 and are paid on the day of the session directly to the cake maker. You can provide your own cake too, allergy cakes cannot be provided but I can recommend some lovely local suppliers.

DURING

The session includes a fun baking scene, smashing of the cake finishing off with splashing away in the roll top bathtub scene. If baby is still happy we can also take some family photographs and some lovely portraits of baby.

AFTER

Following on from your session I will edit your gallery and invite you back to view your images in the large screen viewing room.

This is relaxed and allows you the chance to select the images which will make up your final collection.

After your viewing session I will fully airbrush your final images making them perfect for your prints, products and digital images.
