Maternity

PHOTOGRAPHY

"Before you were born I
loved you"

WHAT TO EXPECT

BEFORE

Maternity sessions are best done between 32 -36 weeks of pregnancy once bump is a good size but before you get too tired in those last few weeks. You book in by paying a deposit of £99 which is deducted from your chosen collection.

WHAT TO WEAR?

I have an array of gorgeous outfits for you to wear at your session. The dresses you see online, in this brochure or on social media channels all feature my outfits, you don't need to provide anything. Although some people wish to wear some of their own clothing and that is also fine.

Once you are booked in I will send out the pre session planning guide so you can choose your dresses and or plan your own outfits.

I am often asked about hair and makeup, this isn't something I provide, if you wouldn't normally have your hair and makeup done professionally then it's not necessary.

WHERE WILL THE SESSION TAKE PLACE?

I have a lovely warm relaxed studio based in Woolston, Warrington with free parking right outside.
